To Whom It May Concern:

This letter is to provide a reference for Eli Bunny Family Childcare, which has provided high-quality care for my son for nearly a year.

Elizabeth Zanetti has been very caring and loving towards my son and I have seen him flourish under her care. I really appreciate the quality of the Montessori program Ms. Zanetti runs. In my experience, the program is well-balanced between music, reading, free-play, outdoor play time, nature play, and hands-on learning. I also appreciate the crafts the kids make during the holidays – allows me to capture many memorable moments while he's away from home.

My son's communication skills have developed tremendously under her care. He has learned how to use sign language and communicates very well. He also enjoys independent play, sing alongs, read-alouds, and playing with other children while at home.

I was sad to pull my son from her care, but felt I had to protect my newborn son from any exposure to common illnesses and the corona virus. However, I highly recommend Elibunny Family Childcare for anyone looking for high-quality Montessori program for their children.

If you have any questions, feel free to contact me at the number below.

Best,

Drustva Delgadillo
