

Dear Prospective Families,

It is with great pleasure that I recommend Elibunny Family Child Care as a childcare provider. Ms. Elizabeth Zanetti and her staff watched my daughter from 10 months old to 15 months old. Had we not moved from the area, we would have been happy to continue entrusting our daughter in their capable and caring hands. Our daughter attended Elibunny fulltime and she enjoyed learning and growing in their home. In fact, Elibunny was recommended to us by a work colleague who had nothing but positive things to say about their childcare service.

During COVID, Elizabeth and her staff were thorough in cleaning and maintaining a safe environment for the children in their care. Their commitment to a healthy environment is one of the reasons we were sad to be leaving the Elibunny family. Another reason is their commitment to providing an engaging environment important for childhood development. My daughter was happy to be in their care and would babble about her fun filled day all the way home at the end of the day.

Elizabeth and her staff are excellent with children of all ages and would make excellent childcare providers for your family. If you would like more information about my experiences with Elibunny Family Child Care, please email me at ctwiswell@gmail.com.

Sincerely,

Candice Stanfield-Wiswell
